GET STARTED, FASTER!

YOU ASKED
if we could do anything to make the slow-starting computers faster.

WE LISTENED
and removed some of the larger programs from most of the computers in the library.

NEED GIS-CAD?
The GIS-CAD software is still available on approximately 50 computers. Flip over to see all locations.

The library computers are now set up in two ways:

STANDARD
You asked - we listened!   Robert E. Kennedy Library
CAL POLY
SAN LUIS OBISPO

GIS-CAD
You asked - we listened!   Robert E. Kennedy Library
CAL POLY
SAN LUIS OBISPO

Standard PCs
have the usual stuff.

GIS-CAD PCs
have much more software, including AutoCAD, ArcGIS and Solidworks.

Scan to get the full software list and find PC locations: bit.ly/VuynLr

We made the change so that when you just need standard PC software, you can get started, faster!
