

Strategic Goals 2018-2023

Goal 1

Assess and secure our financial viability and sustainability through advancement and fiscally-sound funding and spending models

Goal 2

Leverage technology and data to improve user experience, align services to support the teacher/scholar model, and inform decision making

Goal 3

Develop collaborative and integrative efforts around student learning and success by instilling information literacy and critical thinking skills in the students' academic experience

Goal 4

Through a lens of inclusivity and diversity, create a healthy and vibrant library community and facility

Goal 5

Cultivate the excellence of the library faculty and staff
